

2009 – June through August Schedule

Join Us In Building the Elders' Guild Movement

The Elders' Guild is a grassroots organization that is actualizing a bold new vision for a generation of elders committed to conscious aging for the greater good. Together we are challenging old stereotypes of aging as we begin locally to build a movement that combines community making, spirituality and elder activism.

Our vision is a world in which empowered and conscious elders join together in common purpose to bring healing, joy and connection to our lives, our families, our communities and the world.

Our mission is to create the communities where we re-imagine our old age, look after one another and embody the wisdom that will enable us to help heal the future.
